**Program - Roland Chun**

Gene Yong, a City Planner with Belt Collins Hi., Ltd. shall speak in May. Belt Collins was hired by the City and County over a year ago to do a master planning for the Kaneohe Community. They were to do an extensive study of the district in so far as the population, the transportation system, housing development, businesses patterns, and locate the community, governmental and educational sites.

From the study, they were to designate a focal point of the community where a "proposed Kaneohe Town Center" could be located. Everything in the community would revolve around this "Town Center."

Gene will present to the KBG membership, Belt Collin's findings so far. For those who have seen it already, the study is very extensive and comprehensive. The membership will find the presentation extremely interesting since it covers our back yard, needs, and interest and highlights the assets already available in Kaneohe.

A meeting not to be missed.

Peter Apo will be our guest speaker in June at our installation meeting.

Should anyone wish to recommend a guest speaker or nominate recipients for the Akamai Award, please contact Roland at 574-6103 (digital paper).
